

193—14.3 (85GA, ch1116) Veteran reciprocity.

14.3(1) A veteran with an unrestricted professional license in another jurisdiction may apply for licensure in Iowa through reciprocity. A veteran must pass any examinations required for licensure to be eligible for licensure through reciprocity and will be given credit for examinations previously passed when consistent with board laws and rules on examination requirements. A fully completed application for licensure submitted by a veteran under this subrule shall be given priority and shall be expedited.

14.3(2) Such an application shall contain all of the information required of all applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity, including, but not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary history, and, if applicable, a criminal history background check. The applicant shall use the same forms as any other applicant for licensure by reciprocity and shall additionally provide such documentation as is reasonably needed to verify the applicant's status as a veteran under Iowa Code section 35.1(2).

14.3(3) Upon receipt of a fully completed licensure application, the board shall promptly determine if the professional or occupational licensing requirements of the jurisdiction where the veteran is licensed are substantially equivalent to the licensing requirements in Iowa. The board shall make this determination based on information supplied by the applicant and such additional information as the board may acquire from the applicable jurisdiction. As relevant to the license at issue, the board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, postgraduate experience, and examinations required for licensure.

14.3(4) The board shall promptly grant a license to the veteran if the applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure based on other grounds, for example, the applicant's disciplinary or criminal background.

14.3(5) If the board determines that the licensing requirements in the jurisdiction in which the veteran is licensed are not substantially equivalent to those required in Iowa, the board shall promptly inform the veteran of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If a veteran has not passed the required examination(s) for licensure, the applicant may not be issued a provisional license but may request that the licensure application be placed in pending status for up to one year or as mutually agreed to provide the veteran with the opportunity to satisfy the examination requirements.

b. If additional experience or education is required in order for the applicant's qualifications to be considered substantially equivalent, the applicant may request that the board issue a provisional license for a specified period of time during which the applicant will successfully complete the necessary experience or education. The board shall issue a provisional license for a specified period of time upon such conditions as the board deems reasonably necessary to protect the health, welfare or safety of the public unless the board determines that the deficiency is of a character that the public health, welfare or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the board shall issue an order fully explaining the decision and shall inform the applicant of the steps the applicant may take in order to receive a provisional license.

d. If a provisional license is issued, the application for full licensure shall be placed in pending status until the necessary experience or education has been successfully completed or the provisional license expires, whichever occurs first. The board may extend a provisional license on a case-by-case basis for good cause.

14.3(6) A veteran who is aggrieved by the board's decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board's

decision. The provisions of 193—Chapter 7 shall apply, except that no fees or costs shall be assessed against the veteran in connection with a contested case conducted pursuant to this subrule.

14.3(7) The licensure requirements for some professions regulated by the boards are very similar or identical across jurisdictions. Given federal mandates, for instance, the requirements to become certified as a real estate appraiser authorized to perform appraisals for federally related transactions are substantially the same nationwide. The requirements to become certified as a certified public accountant are also substantially equivalent nationwide as long as the certified public accountant also holds a license or permit to practice in those jurisdictions which have a two-tiered system of issuing a certificate and a separate license or permit to practice public accounting. For other professions, the veteran is encouraged to consult with board staff prior to submitting an application for reciprocal licensure to determine in advance whether there are jurisdictional variations that may impact reciprocal licensure.
